Dear Ernie,

It was terrific hearing from you yesterday, all the way from P-Town. Glad you were able to catch the test. I really enjoyed getting this one on as I know Arizona stations can be tough to get in the East.

This letter will serve to verify your reception of KNIX at 1580 kHz, from 0112 to 0118 MST on April 24, 1978. The information you supplied was correct.

The test appears to have been very successful judging from the amount of reception reports so far, and I'm real happy you were able to catch it Ernie.

I'll be thinking about the Cape and the ocean very shortly once things start warming up down here, hi.

Take care, and thanks for listening to KNIX. 73.

Sincerely,

Cliff Reno
