U.S.A.

Dear Sir,

Thank you for your letter of 29th January and your report on reception of our medium wave broadcasts.

We have checked the details of the programmes you heard with what we were broadcasting at the time, and it would appear that it was indeed one of our broadcasts that you heard.

Whilst we do not operate a QSL card service for our domestic broadcasts, we are always interested to hear from listeners abroad and we have forwarded your report to our Research Department. Thank you for your interest in writing. You may be interested to know that we have recently received several similar reports of reception in Canada and the U.S.A. of our medium wave broadcasts.

Yours faithfully,

(H.D.P. Bambridge)  
for Head of Engineering Information Department
