Dear Sir,

Thank you for your interesting letter of November 15th detailing reception on 1295 kc/s. This channel operates at two sites, one in Southern England and another in Berlin. We are sending you with this letter a copy of 'London Calling European Edition' which details the various programmes carried on this channel which we hope will be of interest.

The stations concerned are synchronised in frequency, covering two areas of Europe and operate at approximately 100 kW.

We have pleasure in sending you one of our acknowledgement cards and thank you again for your interesting comments.

Yours faithfully,

(H.R. Hatch)

for Chief Engineer, External Broadcasting.
