Dear Sir,

I received your letter last week, but I could not answer you immediately for I became ill.

I hope you will excuse my very bad english but I want give you a first answer to your kind letter. I transmit it to my General Engineer at Bordeaux who will give you ~~and~~ one official answer.

I think that it's our 16 Kilowatts transmitters that you heard but on 1493 kilocycles only.

Here is what you can hear:

- 07.30 - Bordeaux disconnect from France-Inter.
- 07.45 - We disconnect from Bordeaux for our Regional Program.
- 08.00 - We get back the relay of France-Inter who give information until 08.20

I thank you for your letter

Yours very sincerely

R. Malin
