Dear Sir,

We received your reception report concerning our transmitter on 1538 kc/s. We can confirm you that your indications agree with our program. You have listened to our station Bad Dürrenheim in the south of Germany on 1538 kc/s with 20 kw. On the same frequency there is another station of our synchronized network in Reutlingen transmitting with 5 kw.

In the last weeks we received some other reports of receptions from USA for the same transmitter. We hope you will often listen to our program and wish you a good reception.

Respectfully

S Ü D W E S T F U N K
