Brooklyn 26.  
New York.

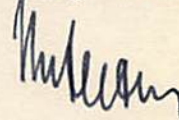

Dear Sir:

We were pleased to learn by your letter of December 23 that you have succeeded in logging our medium wave station on 1439 kc/s and we thank you very much for having let us know.

We are still operating on 232 kc/s and we are also broadcasting on 6090 kc/s.

Our medium wave transmitter is working with a power of 150 kW and a directional antenna is used. At night this station covers as much ground as our long wave transmitter.

Yours very truly,

TECHNICAL MANAGER
