Dear Mr. Cooper:

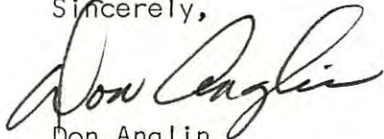

Thanks for your report of receiving WBJW in Provincetown on February 11th. WBJW operates on 950KHz with a power of 5KW. WBJW-AM was WLOF until about two years ago.

Program details in your letter agree with the station log for that morning.

When contacting WORL, I would suggest you send your reception report to the attention of Dennis Sloatman, Chief Engineer.

Again, thanks for taking the time to write, and if you're ever in this area, come by to see us.

Sincerely,

Don Anglin  
Chief Engineer  
WBJW-AM/FM
