

# Milton Broadcasting Company

C. W. MAPOLES, PRESIDENT

HAZEL C. MAPOLES, SEC.-TRES.

MILTON, FLORIDA

July 7, 1955

RADIO  
STATION WEBY

1330 ON YOUR DIAL - 1000 WATTS

Dear Mr. Cooper:

This is in reply to your letter to us of June 1, 1955. The frequency report you heard is correct and your reception has been verified.

Milton is located in Northwest Florida some 24 miles East of Pensacola. We are in the center of the largest Naval Air Training Bases, being NAS, Pensacola, Corry Field, Barin Field, Whiting Field, and Eglin Field.

WEBY went on the air Sept 1, 1954. Our hours of operation are from sun-up to sun-down. We are affiliated with the Mutual Network for Northwest Florida. Our population is 2,000 which does not include all the Naval Personnel who are living in this vicinity. The call letters are for the owner's son.

Am enclosing a little pamphlet put out by the Chamber Of Commerce which I thought you might like to read.

Cordially

*Bill Smith*
