Dear Mr. Cooper:

This will acknowledge receipt of your communication of January 26th, for which we sincerely thank you.

We are pleased to verify your reception and confirm the fact that we were on the air making equipment tests on the date and hours mentioned.

We are directionalized day and night and apparently you are in one of our nulls.

By the time you receive this, we fully expect to be on the air full time, that is, from around six A.M. until midnight, EST.

It is possible that we can work out some arrangements for some DX programs and to have further reports from you.

Yours very truly,

FRANK W. STEBBINS
