Dear Ernie,

This will confirm your reception of WHTT on October 6, 1980,
between 1:27 AM and 2:06 AM.

At the time of your reception, WHTT operated with 5,000 watts
driving a 5-tower directional array. A map of our day and night
patterns is enclosed.

Thanks for the report. It is always good to know how we are
getting out.

Sincerely,

DAVID GLEASON
