Dear Mr. Cooper,

This is to verify your report of the reception of our station April 12, 1948.

After comparing the data given in your report with our transmitter log entries I find it to be correct. At the time of Your report WOBS was transmitting on it's assigned frequency of 1360 kcs. with a power of 1,000 watts.

Thank you for your report. We are always glad to hear from the DX fans and the data which we receive is of great interest to us. I trust that this letter will be sufficient verification for your files.

Very truly yours,

William F. Askew
