Mr. E. R. Cooper  
NRC  
5 Anthony Street  
Provincetown, Mass.

Dear Ernest,

Thank you for the DX report. I have recieved many such successful DX's from as far away as England and Scandanavia. We have a directional night array that has a lobe that is headed toward the N NE. Please find enclosed a short tape of the Station and the Call with a Jingle. If you hear us again please let me know.

Thank You For Listening

  
Gary A. Minker C.E.
