Ernest R. Cooper
438 East 21st Street
New York 26, N. Y.

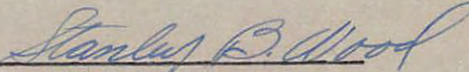

Dear Ernest,

I am pleased to say that your report agrees with the station log of Radio Station WTTB-1490 KC. at Vero Beach, Florida.

We conduct a frequency check every 2nd Tuesday from 3:50AM to 4:00AM.....Tuesday, February 14th, 1956, was our regular test period. WTTB has an antenna 155 Ft. high and we operate with 250 watts of power. We have a Gates Transmitter Mod. 250-C-1.

Thanks very much for the fine report.

Regards,

Stanley B. Wood,
Chief Engineer WTTB
(W4KOZ)
