Dear Mr. Cooper:

This is to confirm your report of December 1, 1947. Your log is accurate.

I am sorry that your original report was not answered.

We have no set schedule for transmitting frequency measurement tests. The laboratory that measures us is only 23 miles away and they make their measurement at no particular time. Most stations are measured from this same company in this neighborhood and thus keep no definite schedule.

WMIE has been on the air for a month now. WFEC will go on the air in about a month or so.

Thanks for the report.

Very truly yours,

Paul Brake,
Owner-Manager.
