Dear Mr. Cooper:

It was indeed a pleasure to hear from you again and to receive your nice report of reception of our signal during the special test program on December 11, 1949. Was glad that we were not QRM'd out of the picture by WIBK.

The local printer has been delayed in printing our special verification cards and it will be several days before I can mail one to you, but you can count on receiving one.

No, Mr. Cooper, I don't look on you fellows as "pests". I believe that most broadcasters appreciate you fellows giving us reports on our signals around the country. I can appreciate your hobby because I am an amateur radio operator myself (W4GCD) and I really like to QSL.

Thanks again for the report and will be looking forward to hearing from you again.

Very sincerely,

L.C. McCall
Manager
Radio Station WWPE
