Brooklyn 26, New York

Dear Mr. Cooper (Ernie):

I was happy to receive your good letter about your reception of our Sacred and Gospel Radio station.

I have not been with WXIV very long, but I have talked with one of our men who remembers your letter of Oct. 24, 1961. He says that the information was correct, so on the basis of his information, and the fact that your letter (report) compares closely with the records here, I am happy to verify your report.

I like your idea of our presenting a special DX Test program. However it is usually difficult for me to be here on Monday morning. I wonder if Thursday morning would be suitable? I usually, whenever necessary, do my adjusting, and tune-up work early Thur. morning, and if our frequency is clear at that time, it would be more suitable for me. I shall await word from you on this.

Also, I would like to know just how soon you would want such. The sooner it could be arranged, the better it would be for me. Please let me know about this.

I have a good friend living in Union, N. J. whom you might know, as he has been for several years a very active S.W. DXer, -- Stewart West.

Well, I guess I had better "sign off" for this time. I'll be awaiting your reply.

Sincerely yours,

Charles M. Bustin
