APRIL 23, 1979

Mr. Ernest R. Cooper
NATIONAL RADIO CLUB
Provincetown, Mass. 02657

Mr. Cooper;

It is a fine morning here in Georgia today, and I am pleased to be able to verify your reception of WBRO signal on the date of April 17, 1979.

I am always pleased to receive information on receptions which provide sufficient data for verification. This gives some idea of the overall operation of our transmitter.

Over the past three years we have had the pleasure of verifying reception by DXers from many states and one from Canada. Several western states seem to have large numbers of DXers and they get a fair quality from our skip.

I am enclosing for your records, a copy of our coverage map and a bumper sticker. If we may be of further service in your DXing efforts please advise.

If you should be in the Waynesboro, Georgia area we would be pleased to have you visit with us. Incidentally, WBRO radio will be 25 years old on the 26th of this month.

Wishing you much success in your future efforts.

Sincerely

Robert R. (Bob) Black CE/SM
