Dear Mr. Cooper,

This is to verify your reception on December 16, 1985 and also in April 10, 1985. Thank you for your letter and report. We appreciate you taking your time to listen and to write us.

WEAM AM is operating on the frequency of 1580 kHz at 1,000 watts directional during night time hours, 1,000 watts non-directional day.

Your report of reception indicates that you recieved our signal while we were operating on our night time directional pattern.

Our studios and transmitter are physically located in Phenix City, Alabama approximately 3 miles from the Georgia State line on U. S. Highway 280/431.

We have enclosed a coverage map for your file.

Thank you again for your report. Please notify us again should you have opportunity to recieve our signal. We find these type reports of great interest.

In Christ,
C. Jeff Nicholson, Jr.
