Dear Sir:

This will verify your report of reception of radio station WGBA on 1460kc from 3:22am to 3:36am EST on March 5, 1950. We were running a test program using a directional antenna system. The information contained in your report of reception was correct.

Thank you very much for your reception report and interest in our station.

We do not have a special frequency check program in as much as our station can be monitored by the F.C.C. in Atlanta during daytime hours. We do operate from 6am to 1am weekdays and from 7am to 12midnight sundays.

Yours very truly,

THE GEORGIA ALABAMA BROADCASTING CORPORATION,

*William R. Atkinson*
