PHONE 912/922-4487

Dear Sir,

We are pleased to verify your reception report of 0130/0145
2/3/78. WQCK operates on 1600 kilohertz with a power of 1000
watts daytime with a tower of 150 feet non-directional. We
transmit daytime with a CCA AM-1000D transmitter. Our night-
time operation is from a separate site with a four tower
directional array. The transmitter is a Gate BC-1J.

Best Regards,

Donovan E. Jones
Chief Engineer WQCK
