Dear Mr. Cooper:
with

It was a pleasure that we received your detailed report upon our signals as received at your location.

We must compliment you upon your exact log you presented, which would not be possible without nearly perfect reception. Thank you, for all the details.

WRLC wishes you the best of 73s, and may you receive great enjoyment and diversion in your hobby.

I would like to hear more about the dedication of a Frequency Check Program to the National Radio Club.

If you would write directly to me and give me full particulars, maybe we can get together.

Our regular Frequency Check Programs are presented each Monday morning at 2:45 to 3:00.

Yours very truly,

S. Cecil Chafin
