We inform your reception
report of Dec 12 - 19-66 very good
& correct in every way. Sorry
we jumped the gun all the time
freq. test at 2:15 AM Dec 19.

Don't think you'll get this
letter in time! we tried.

I pulled that
test & all of them the voice you heard
was a sleepy one I know.

Jerry Purcell

Cochran, Georgia
January 9, 1967

Dear

Please excuse the formness of this letter, but due to the large response to the test, this was the best method of confirmation.

This letter is to confirm our test broadcast of _____
The rating of your report is shown by the check in the appropriate box below. We were very pleased with the wide range and variety of the reports.

W V M G is a daytime radio station with a listening power of 1000 watts. Studios, transmitter, and tower are located in Cochran, Georgia, located slightly south of the center of the state. A town of about six thousand population, Cochran is the home of a state supported junior college, Middle Georgia College.

W V M G has been in operation since July 4, 1966.

Thanks again for the great response, and happy listening.

REPORT RATING:

Excel _____
Good _____
Fair _____
O K _____

Broadcastingly yours,
