Dear Sir:

We recently found your letter of February 25th in our files and there was no notation as to whether or not it had been acknowledged.

If we failed to verify your report of reception on Feb. 25th, 1948 we regret the oversight.

Anyway, your log of KCRG between 11:54:45 PM and 12:01:40 A.M. CST was perfect and we thank you very much for your verification.

Best of luck to you in your DX activities.

Sincerely,

Wayne L. Babcock  
Chief Engineer
