Dear Ernest:

Thank you for your reception report of WBRI of 12/7/64. The times logged are correct as presented in your report. We are protecting Bronson, Mich. and Waterloo, Iowa and Erie, Penn. We are beaming SSW towards roughly Evansville, Ind. for the patterns sake. However, our area of Class A coverage for commercial use is primarily in a roughly 50 mile area. Hope you snag your other station here in Indianapolis. Their call letters are WATI---810 KC. It might be interesting to know that I am a ham with call letters of WA9GEU. Hope this verification fills your requirements.

Yours truly

  
Gilbert N. Curtis, CE; WBRI
