National Radio Club  
438 East 21st Street  
Brooklyn, New York 11226

Dear Mr. Cooper:

We are pleased to send you this verified reception report of our signal on the morning of March 22, 1968.

This was our yearly proof of performance routine.

Unfortunately for many DX'er around the country who might pick us up on our frequency checks, we have them made during our regular broadcast hours.

You were correct about our slightly distorted signal, even at that distance. The two 810's in our RF section have about had it, and are being replaced today. So next year, perhaps we will sound a bit better in Brooklyn.

Thank you so very much for this report.

Yours very truly,

RADIO STATION WPDF
