Brooklyn, NY.

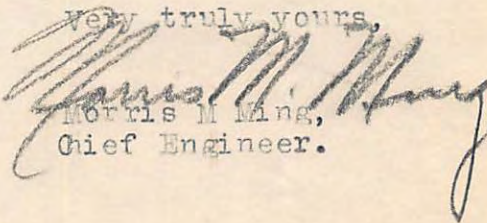

Dear Sir;

I am sorry that I forgot to put the call on the verification that I sent you. I am so dog one busy that it just slipped my mind. Thanks for calling my attention to it.

Very glad to get you letter on our Nov 12, 1937 DX broadcast and Frequency test program. We Are always glad to hear from our listeners and find out just how the little old rig is getting out. It is all RCA throughout with 200 watts input and 100 watts out. I have a receiver that must be the same as yours, A Sky Challenger and very good one.

Thanks for calling my attention to the oversight. Glad to confirm your letter.

Very truly yours,

Morris M King,
Chief Engineer.
