Dear Sir,

This is to verify your reception signal of WABD on February 29, 1964. We were on the air from 12:40 to 12:55 A.M. CST for a frequency Test. We broadcasted a 1025 cycle tone with the announcement "This is Radio Station WABD, 1370 Kc, Ft. Campbell, Ky, on the air for a frequency test."

Actually, this was a week late. We were supposed to be on February 22nd, and this was a make-up. We conduct tests every fourth saturday.

Thank you for the letter and the information.

Sincerely,

BOB WICKS, C.E.
