Brooklyn, New York

Dear Sir:

This is to verify your reception of our frequency test program of February 23, 1942, from 2:00 to 2:15 A.M. CST.

WINN started operation on June 15, 1940 and operates on an assigned frequency of 1240 Kilocycles with a power of 250 watts and is owned and operated by the Kentucky Broadcasting Corporation.

We are using Collins equipment throughout, and I might add, with excellent results. Our Antenna is a quarter-wave Wincharger type and is situated on top of the Tyler Hotel in Louisville, Kentucky.

I sincerely thank you for your reception report.

Very truly yours

Al Rutherford
