PHONE 606 - 723-2550

Dear Mr. Cooper,

Thank you very much for your excellent signal report of 12-Jun-67. We have checked our logs, and find your report to be correct "to the letter".

The enclosed coverage map will verify your reception.

In answer to your question, our regular test schedule is the first Saturday morning of each month at 3:00 A.M. EST (regular frequency deviation measurement). Our only other testing occurs after equipment repair, replacement, etc.

Thanks again for a great report, and listen again!!

A fellow Sill,

David J. White, WPE4909
