Dear Ernest,

I'm sorry about the delay in answering you. I received your letter December 4, 1981. We are a new station on 1290. Business has been very good since we are in coal country.

We test on the first Tuesday of each month. We are 2500 watts and soon to be 5,000 watts non-directional. If you are ever in the area, please drop in for coffee. Best regards.

Sincerely,
