Dear Mr. Cooper:

Your report conforms to our check of April 20th. I started using a tone from the network and they quit on me about the half hour. In my hurry to go back to the shop and turn on our oscillator and patch it thru I did not swing it back to 1,000 cycles, and finished up the check at about 1,410.

I will forward your request for the Stubblefield material to the Chamber of Commerce.

Just received your letter. Thought you might be interested in the reason. It was recovered from a stolen mail pouch.

Sincerely,

C.H. Hulse
