Dear Ernest —

I'm pleased to confirm your reception of
WREM at 1:24-1:27, 18 Oct 71.

Sorry I couldn't stay on longer, but
the D.J. failed to show and I'm not a
board man (as you probably noticed).

I played a few albums and I.D.'s and
called it quits.

The coverage map is rough but maybe
you can use it.

Sincerely

John Palumbo
WREM.
