Dear Sir,

I am very happy to confirm your reception of WTCR August 29, 1955.

WTCR was formed when Connie B. Gay purchased the station August 15. A new staff was moved in, myself included, except for the two best Announcers.

We are a completely independent station in as much as programming is concerned. We are, of course, affiliated with the other stations owned by Connie B. Gay.

The antenna is a 185 ft. tower.

We operate during the daylight hours only.

The information afforded us in your report was of great value to us and we thank you for your time and trouble and hope to have you for a listener again in the future.

Sincerely yours,

Arnold Beland
