**July 30, 1946**

Mr. Ernest R. Cooper  
National Radio Club  
438 East 21st Street  
Brooklyn 26, N. Y.

Dear Sir:

Your recent report demonstrating reception of KPDR on July 23, 1946, at 3:15 AM CST at 1490 KC has been checked against the Station Log and verified.

I feel that you are to be congratulated on having succeeded in receiving 1128 Stations, considering the crowded conditions in the modern broadcasting field.

The equipment in use at the station includes Gates Turn Tables and Consoles, Shure Microphones and Tempco, 250-Watt Transmitter feeding a single vertical Antenna 210 feet high.

Although, the D X Program mentioned in your letter is beyond the scope of our broadcasting at present, it is very possible that an amendable agreement can be reached in the future.

Thanking you for your interest in broadcasting, I am

Yours very truly,

*Frank J. Haahn*
