Brooklyn 26, N. Y.

Dear Sir:

Received your letter saying that you picked us up on our Frequency Check on August 28.

According to your report there is little doubt that you picked us up. So this letter will verify the reception of KPLC by you on August 28, 1948

Incidentally we are putting in 5 kw and hope to be on with it in December. RCA all the Way. Give us a listen to then.

Hope to hear from you again.

Yours very truly

A. B. Craft
Chief Engineer
