Provincetown, MA.

Dear Mr. Cooper,

Sorry for the delay in writing back to you, we've just changed formats, and things have been very hectic. Enclosed is the coverage map that you had requested, and the following should suffice for the verification;

This letter indicates that Ernest R. Cooper of Provincetown, MA. did indeed receive transmission of WBIV from 1:51am to 2:00am in the morning of Sunday, November 15, 1992.

I hope that that is satisfactory. Incidentally, our wattage at night time is only 1,000 watts (we're 25,000 watts daytime), so your reception is quite a catch. In fact, we're rarely heard on the Cape during daytime hours! Thank you for your letter, and I wish you all the luck in the world with your hobby.

Very truly yours,

Robert L. Tarpin
