

Boston Mass  
April 12, 1948

Dear Sir:

Thanks for your reception report Nov. 18, 1946. I have checked our records and find that your report is correct. In fact I still have those same recordings at the transmitter house, as they were used there during tests. We go on the air at 8:00 am on sSunday, and at 7:00 week days, and we are a daylight station so that we have to sign at FCC official sunset time.

Thank you and ggod dx.

Merle L. Towle  
Chief Engr.  
Station WBMS Boston
