

10 January 1980

Dear Mr. Cooper:

Thank you for your letter of January first. Please excuse the letterhead, but the real stuff is still at the printers.

This letter is to certify that what you heard on January 1, 1980 between 10:03 and 11:00 a.m. and again between 3:17 and 4:30 p.m. was, indeed, our station. I know for a fact that we can be heard quite well on the Cape, as our signal travels well over the water.

As to the "odd" thing which happened at sign-off.... just as we were about to sign off, we suffered a momentary power failure which was enough to shut down our xmitter. We went back on air about 1 minute later, gave the signoff and shut down for the night.

With our new ownership and our new call letters, we are looking forward to better serving the North Shore area.

Thanks for cranking us in. If you are ever in the Danvers area, stop by and say hello. Call 774-7000 for directions.

If I can be of further help, just call. Best of luck to the National Radio Club.

Very truly yours,

Scott J. Hooper,  
WBVD News and Public Affairs Director
