

WCEG

Cool Stereo 1530

April 1, 1992

Mr. Ernest R. Cooper
5 Anthony Street
Provincetown, Mass. 02657

Dear Ernest:

I'm happy to confirm your reception of WCEG March 31, 1992 from 11:18A until 11:37PM. You're lucky to be tuned in when you did as March 31st was the first day that we ran with full power of 1000 wts from our 97 foot tower in North Middleborough.

Thanks for your advice concerning WCKY. I have noticed their signal strength since last January, especially on cold nights and even colder mornings. We occasionally do some after midnight testing, but it's been on much too regular a basis during our low power period, so none is scheduled for the immediate future.

I've had the pleasure of sending you QSL's from other stations that I have worked for, specifically WJCC in Norfolk, which is presently dark. Keep up the good listening.

Sincerely,

Steven J. Callahan
