Mr. Ernest R. Cooper
National Radio Club
438 East 21st Street
Brooklyn, N.Y.

Dear Mr. Cooper,

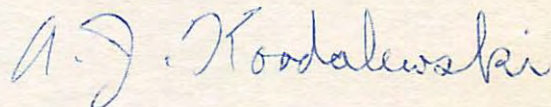

Thank you for your report on our DX program of November 17, 1947. Your log of program material heard is correct.

Please excuse the tardiness in replying but an acute manpower shortage in the engineering department hasn't left me any time for correspondence.

Conditions during the night of the test apparently were not much good anywhere. Most reports mentioned severe static and fading. Perhaps we can try it again at a later date when conditions are more favorable.

Best of luck and DX.

Very truly yours,

A.J. Kordalewski
Chief Engineer
