1570

Dear Mr. Cooper,

This letter is to confirm your reception of WMLO on December 28, 1974 at 11:25 AM. I am sorry it took so long to get back to you but I have just taken over this job and things have been quite hectic if you know what I mean. Your report was quite accurate.

I have been able to find a 1963 map but it is still about the same. I am surprised to hear that our signal gets down that far!

Before I became an engineer I used to write to stations for the same reason you are, BCB DX. I know what its like not to receive replies thats why I'm writing.

I'll have to close now so congratulations on your fairly rare catch. Keep up your good work.

P.S. If it is necessary to write to me again please use the address below.

Sincerely,
John Syngajeski
Chief Engineer
