Dear friend:

Thank you very much for your letter of Oct. 6, 1941.

I am very pleased to verify your reception of our special program for the National Radio Club DX of October 6, 1941.

The response to this program, while disappointing in quantity (less than fifty reports to date), was very enlightening and we were very glad to cooperate with you. We are running another special broadcast on December 17, 1941 at the same time.

We do not keep a regular test or frequency check schedule here as we are able to get frequency checks from L.I. on our daily broadcast time.

Glad to hear from you at any time and wish you continued success in your hobby,

Yours truly,

Rodney A. Merrill
