National Radio Club  
438 East 21st Street  
Brooklyn 26, New York

Dear Sir:

We are sorry to be slow in verifying your test report on WSBS. Since we took to the air only on December 24, 1956, we are not as yet fully settled on office routine.

We have no verification cards as yet, but this letter will serve as definite verification of your report on WSBS, from 4:28:40PM to 4:44:10PM, EST., on January 14, 1957.

We have checked our program logs and music lists, and find that your report is correct on all broadcast content. The announcer's name was Carl Perrault.

The call letters stand for "Southern Berkshire Station", and I am enclosing a coverage map, poor as it is. Actual coverage is greater than that shown, because of the advantage of the 860 frequency..

Thank you for your report on reception, and thank you for your patience in awaiting our reply.

Sincerely,

A handwritten signature in cursive script that reads 'Alan D. Vaber'.

Alan D. Vaber  
Program Director
