WUPE RADIO—WUHN RADIO/501 East Street/Pittsfield, Massachusetts 01201/ Tel. (413) 499-1531

October 28, 1980

Dear Mr. Cooper,

This is to confirm your report of reception of WUHN on Dec. 10, 1979 and WUPE on Feb. 8, 1979. The call letters were changed from WUPE to WUHN in June of 1979. WUHN is a daytime only station that operates on 1110 khz. with a power of 1000 watts to an omnidirectional antenna system.

I do remember responding to your previous reports, and am sorry that you did not receive them. In 1977 Roberts Broadcasting bought what was WGRG and WGRG FM. The call letters were changed to WUPE and WUPE FM and simulcasted top 40 until June 1979 when the call letters of the AM were changed to WUHN and the FM changed to WUPE. Both stations are still owned by the same company. I hope this clarifies the call letter confusion.

Again, I am sorry you did not receive verification earlier. I do appreciate reception reports. Thanks!

Sincerely,

Dan Kelleher
