Ernie —

Sorry for being so long in  
acknowledging your reception of our  
station —

Only one discrepancy I've found  
in checking — at 7:16:30 we did not  
have a "Sitterbug" PSA. No doubt,  
this was tapping our signal.

Yours is the most distant  
report of reception we've had since  
becoming airborne May 16, 1963.

We have another station going on  
the air tomorrow — WSER, Elkton, Md.
