Dear Mr. Cooper;

This is to confirm your letter of April 23, 1973 verifying our testing on Monday morning, April 16, 1973.

We have received many letters from Ohio, Delaware; as well as your letter from New York stating that they have picked us up while testing our equipment on the morning of April 26 and was very surprised. As for a schedule for our May testing, we have no actual date. Hope you pick us again.

Sincerely,

George E. Clark, III
