

To conserve paper we are responding
directly on your inquiry.

December 19, 1995

Dear Mr. Cooper,

What fun to receive your letter and know that our TIS station was heard in Massachusetts! Great! There are two recordings that we have going, with the stations being about 8 miles apart. They each broadcast a different message, so that may have been why you couldn't understand it very well. They overlap somewhat. They are on 24 hours a day, giving driving routes and camping information, etc. The call letters are KFB 759 and KFB 760. As for the power, I am totally in the dark. The machines themselves are a 1000 and a 1200, if that helps.

Thank you for your letter. I hope you have fun trying to pick us up again!

Sincerely,

Wanda Moran (the voice on the recording!)

Wanda Moran
