

February 4, 1975

Mr. Ernest R. Cooper  
National Radio Club  
7 A Washington Ave.  
Provincetown, Mass. 02657

Dear Mr. Cooper,

It's a pleasure to verify your informative and accurate reception report. Our transmitter has an output of 5 KW into a non-directional  $\frac{1}{4}$  wave 175 foot antenna. Good luck, Ernest, and may the ionosphere grace your antenna with strong electromagnetic radiation for many more years to come. Thanks for listening to WJBQ on January 29, 1975.

Sincerely,

A handwritten signature in cursive script, appearing to read 'Phil Lentz', followed by the number '29'. The signature is written in dark ink and is positioned above the typed name and title.

Phil Lentz  
Chief Engineer
