BROADCASTING COMPANY

ROCKLAND, MAINE

January 12, 1953

Ernest R. Cooper
National Club
438 East 21st Street
Brooklyn, New York

Dear Mr. Cooper:

Your reception of WRKD on November 20th, 1952 is verified.

In answer to your questions, WRKD began broadcasting on October 1st 1952 and we are using the old WMTW equipment including antenna tower. WPOR merely switched frequency and is now operating on 1490Kcs.

Our frequency check period is not regularly scheduled, although we usually make it at around 12:15AM on the first Tuesday in each month.

We have scheduled an early morning DX program on Sunday February 8th, from 5:30AM to 6:30AM. The program will consist mostly of recorded music. Hope you'll be able to hear us.

Please give this program any publicity you can. We shall be glad to Verify the reports received.

Don Winslow - Chief Engineer WRKD
