Dear Ernest:

I was very pleased to hear from you and your reception report was very good. I have heard from a lot of the members in Brooklyn.

Our Studios are located in the Colonial Hotes in Mt. Clemens, Michigan. Our transmitter is located between Utica Michigan and Mt. Clemens on M-59. We have a three tower arry on a line of southwest to northeast. Each tower is 200 feet high spaced 365 feet apart.

Our sign-off varies from month to month, this month we sign-off at 6:45PM, but we stay on as late as 8:15PM. Our sign-on does not change, we sign-on at 4:57AM, Mon. thru Sat. Sun. 7:00AM.

Mr. Haskett left the station more than a year ago. At the present time I believe that he is working in Ohio, but where he is working I don't know.

I will welcome any future reports that you might send to me in the future.

Yours truly,

Gerald Meier
Chief Engineer
